OVER THE BACK FENCE

BY MARSHALL

The East Jordan Rotary Club, the City of East Jordan and interested residents have been doing something about establishing an indoor ice skating rink in the big community building behind the post office.

Many people were oh'in and ah'n about the fact that East Jordan would soon have only indoor skating rink in northern Michgian.

And then Traverse City took the wrinkles out of our faces with the announcement they were all set to go with their indoor ice skating rink, first in that city's history.

* * *

It was reported last week that Gayle Giggleheimer, of Boyne Falls, was having trouble with his income tax. Now we know why. He shorted the government a number of dollars when he sent it in; and after that he couldn't sleep. The other day he sent an extra $25.00; and he said, "If I still can't sleep, I'll send the balance."

* * *

Back in 1828, about 127 years ago, it was a sin to discuss railroads. This was made clear by the officials at Lancaster, Ohio high school.

One day the high school issued the following announcement: "You are welcome to use the school house to debate all proper questions in, but such things as railroads and telegraphs are impossibilities and rank infidelities.

"There is nothing in the word of God about them. If God has designed that his intelligent creatures should travel at the frightful speed of 15 miles an hour, by steam he would clearly foretold through his holy prophets.

"It is a device of Satan to lead immoral souls down the road to hell."

We picked this from the 1915 copy of the News-Herald which was earlier printed in an old railroad magazine.

* * *

Did you know? Lyle B. Wangeman of Boyne City, appeared before the Charlevoix County Board of Supervisors at their October session and requested the following:

"That the board consider plans for the construction of a Trailer Park at Whiting Park. He left estimated costs and plans for the committee's use in the matter."

This was referred to the public grounds and buildings committee.

* * *

Charlevoix county has about 14,000 people, 5,969 dwelling units, 4,000 families, $12,000,000 annual buying income (purchasing power), $3,000 annual buying income per family.

* * *

Question: What is the Swan City Building Association?

GOP Meet To Be Held Here Feb. 7

The biannual spring convention of the Republican Party of Charlevoix County will be held 8 p.m., February 7 at the East Jordan city hall, Chairman Guy C. Conkle, of Boyne City has announced.

Secretary Wanda Hill, of Boyne City, reports that the convention will be held to elect delegates to the Republican State Convention and to transact business.

Story Hour At Library

Mrs. A. W. Brintnall, East Jordan Librarian, announced today that starting Saturday, January 29th, there will be story hours for children.

Miss Robin Coon, home economics teacher at the high school, has volunteered to read to the children at that time. Children from ages 4 to 8 are invited to come from 2 and 3 o'clock in the afternoon. Those over 8 are invited to come from 3 to 4.

The story hour will continue every Saturday.

Polio Drive Projects Are Listed

With the great need of funds for the year of 1955, The National Foundation is quite concerned with the lack of financial support in the current program to aid Polio.

East Jordan Chairman of the March of Dimes campaign Alex Sinclair, said Wednesday that all Dimes cards should be returned to the State Bank of East Jordan with contributions as soon as possible.

Sinclair is asking residents to remember that if Polio should strike your family the cost is terrific and your only recourse would be to get help from the Polio foundation.

* * *

HELP FROM different organizations toward assisting the "March of Dimes" would be greatly appreciated, Sinclair said.

East Jordan's big "Mothers' March" when workers will go from house to house, will be held from 7 to 8 p.m. tonight.

Residents are asked to have their porch lights on if they wish to contribute.

Sinclair said a "coffee day" will be held next week to obtain dimes for the fund.

The Rotary Club's annual pancake supper for the dimes campaign will be held at the American Legion Hall next Thursday night (Feb.3), it was announced Wednesday.

The members of the East Jordan Masonic Lodge will work the pumps at Bader's Standard Service Friday from 8:00 a.m. to 6:00 p.m. All gasoline profits from sale of gas will be donated to the March of Dimes Campaign

* * *

FOLLOWING is a schedule of the men who will be working the pumps:

8:00 to 10:00 a.m.—Jack Bennett and Bill Sturgell; 10:00 to 12:00 a.m. — Basil Cummins and John Seiler; 12:00 to 2:00 p.m.—Andy Anderson and Dave Pray; 2:00 to 4:00 p.m.—Archie Howe and Walter Davis; 4:00 and 6:00 p.m.—Orrin Parks and Frank Neumann.

The Eastern Stars are sponsoring a tea Saturday afternoon, January 29th, from 2 to 4 in the dining room of the Masonic Temple. All proceeds will go toward the polio drive. The public is urged to attend.

Teachers' Club Hold Meeting

The Teachers' Club met Monday, January 24th in the agriculture room of the East Jordan high school. In the absence of Max Damoth, Vaun Ogden presided.

Before the business meeting Parker Seiler showed pictures of his summer trip to California and back through Yosemite National Park. His accompanying description added much to the enjoyment of the pictures.

A report of the MEA meeting at Kalkaska, December 16th, stated that Region 15 voted not to separate from Region 14 and that the fall institute dates were set for Monday and Tuesday, October 3rd and 4th.

A committee of volunteers was formed to check with other schools in the area regarding extra curricular work.

The biggest basketball game of the northern Michigan Class C season is coming up between the Charlevoix Rayders and Gayle Saxton's Red Devils on the Charlevoix court Friday night.

With the Red Devils one notch ahead of the Rayders on the official standing card, Charlevoix will be ready for an all out battle to tie the standings up for a twin spot at the top of the loop rating.

A look at the record for both teams shows that East Jordan has piled up 495 points over their opponents in the last eight conference games. Their eight opponents have scored 390 points against them.

The Charlevoix Rayders have added up 439 points so far this season with their opponents getting 358, in eight games.

Saxton's Red Devils have averaged 62 points per game compared to their opponents' average of 49 points.

Over at Charlevoix, the Rayders have averaged 55 points per game as compared to their opponents 45.

This gives East Jordan a 60 point lead over Charlevoix for the season so far and shows that the locals have established a 12 or 13 point average over all opponents.

* * *

CHARLEVOIX'S average scoring over their opponents has been about 10 points, leaving East Jordan with a three point margin when talking averages.

Most sports fans will tell you that averages and plain figures mean nothing because you cannot predict the human element in any contest. Some consider a school playing on its own floor or field has a definite advantage.

According to all figures and many observers, Charlevoix is going into this one as an underdog. But competent observers are refusing predictions on Friday night's contest at Charlevoix.

* * *

East Jordan's sound 68 to 48 drubbing over the Grayling Vikings on the local court last Friday night surprised a number of sports writers who tossed Red Hamilton as a threat against the locals.

* * *

THE RED DEVILS jumped into a 12 to 10 lead in the beginning stanza and ran it up to 26-15 at halftime. The game stood 43 to 29 at the end of the third.

Red Devil Floyd Cutler dumped in 20 points against Red Hamilton's 14.

East Jordan's win over Grayling was eight straight and kept the locals undefeated in class C play thus far in the current season.

In other games Friday, Charlevoix took Harbor Springs, 61 to 50; Boyne City beat Mancelona 70 to 42 and Pellston turned Gaylord away 54 to 48.

* * *

Friday Scores

East Jordan 68, Grayling 48
Charlevoix 61, Haror Springs 50
Boyne City 70, Mancelona 42
Pellston 54, Gaylord 48
Ellsworth 68, Boyne Falls 44
Alanson 51, Vanderbilt 44
Ludington 63, Mt. Pleasant 45
Alma 52, Cadillac 47
Traverse City 61, Petoskey 52

* * *

Harbor Springs	1	7
Mancelona	0	8

The Fight Is On!

A two-county fight is developing to save state highway M-32 for northern Michigan.

Residents of Charlevoix and Antrim counties moved this week to keep the highway from Elmira to East Jordan under jurisdiction of the State Highway Department.

Acting upon information from northern Michigan highway men that the state plans to discontinue M-32 from M-131 into East Jordan, the East Jordan Businessmen's Association is sponsoring a two county petition against it.

The assocation agreed Tuesday night to pay expenses of four members who will visit Highway Commissioner Charles Ziegler and Gov. G. Mennen Williams this week.

The petition points out that discontinuance of M-32 would greatly retard future development of this section of Michigan.

It sites the continued development of the area, the increasing number of manufacturing plants and the development of resort business.

City officials said if the state turns M-32 back to Charlevoix and Antrim counties for control and maintenance, future improvement or new construction of a bridge over Jordan River would fall back upon East Jordan.

Estimate cost of a new bridge has been set as high as one half million dollars.

Residents are also contacting senators and representatives in the area to make their position known.

Annual Soils Meet Here Monday Night

Northern Michigan farmers and townspeople will hear first hand information concerning progress on the Mackinac Bridge at the 7th annual meeting of the Charlevoix Soil Conservation District.

Lawrence Rubin, secretary, Mackinaw Bridge Authority, will address visitors at the meeting to be held in the East Jordan high school Monday night.

Rubin will give an illustrated lecture showing present construction at Mackinaw City and in the straits.

Rubin's speech will be the highlight of the annual farm program which promotes proper methods of soil conservation in the northern area.

Starting at 8 p.m., a colored movie will be shown entitled "Making the most of a Miracle." It shows how soil and plant food makes plants grow and how this growth can be controlled for man's benefit.

There will be amazing time-lapse shorts which show the step by step development of plant life from seed to harvest.

Clayton Healey, of East Jordan, will conduct the district's annual business meeting following the movie.

There will be the election of one director from the south area of Charlevoix.

Clyde Warner, a director, will award certificates to three outstanding farmers. This is a program carried out for the last three years.

* * *

THE BOARD of directors meet and discuss with the farm planner those cooperators who have made outstanding progress in soil and water conservation.

Last year was the first time the soils district operated the run-off plots. They are located on the Hi Brock farm on M-66 between East Jordan and Ironton.

It is a cooperative project between the soil conservation district and the East Jordan Future Farmers and their advisory council.

The soil district pays all expenses for operation of the plots.

The project will be discussed by Harold Goebel, a director from East Jordan.

Roert Reidel, a director from Boyne City, will discuss the district's annual report, showing operation of the district for the past year.

Nominations to fill the term of one director include Clyde Warner and John Weiland, both of Charlevoix. Charles Weisler, of Charlevoix will be in charge of the election.

A Bethel College Rally service will be conducted in the East Jordan United Missionary church, Sunday, January 30, 1955. The speaker for the occasion will be Professor Albert Beutler, and the college will be represented also by the student team known as Master's Messengers. The speaker, Professor Albert Beutler, is an instructor and the Dean of Men at Bethel College.

Members of the Gospel Team are: Nancy Ward, North Manchester; Indiana; Yvonne Kipp, Croswell, Michigan; Patience Bailey, Mancelona, and Doris Robinson, New Paris, Indiana.

Let Construction On M-66

The Michigan State Highway Department will spend $90,795.34 on a project to prepare for future blacktopping of nearly six miles of M-66 leading south from East Jordan.

Hertel-Deyo, of Grand Rapids will do the work for the highway department. It calls for a 21 foot wide stabilized aggregate surfacing. The first project will be completed August 31st.

East Jordan residents have complained that State Highway approaches to the city are in worse condition than at any other city in northern Michigan.

Residents are petitioning the department for early improvement of highway M-32 from Elmira to East Jordan.

Office Closed

Dr. G. W. Bechtold will be out of town from Thursday noon until Tuesday morning. His office will be closed during that time.

Only One Candidate Files Petition For Mayor's Office

Vern Whiteford was the only person to file petition for the office of Mayor at the deadline Friday afternoon, according to the city clerk's office.

Present Mayor Chris Taylor, who said pressure of business prevented him from running is not seeking a third term.

Whiteford, owner of Whiteford's 5c to $1.00 Store, was mayor several years ago.

Deadline for filing petitions was up 5 p.m. Friday for the Primary election February 21st. A no-contest election (where less than three run for one office) eliminates necessity for a primary election and now residents will elect the mayor and councilmen at the annual Spring election April 3rd.

Keith Annear, high school principal, filed petition for first ward councilman. Present Councilman Frank Strehl did not file. Milton Meredith is the other councilman in the first ward. He has one more year to serve.

The only contest indicated in the coming election is that for second ward councilman. James Lilak and Merrit Shaw have filed petitions for that position.

* * *

PRESENT Councilman for the second ward are Greg Boswell and George Rebec. Boswell, who had been appointed to fill a vacancy, is not seeking another full term. Rebec has one more year to serve on the council.

In the third ward, Richard Malpass, Sr., is seeking re-election to the council. Gilbert Sturgill has one more year to serve.

Second Ward supervisor Robert F. Barnett filed for re-election as well as Barney Milstein in the Third Ward. William Bashaw, one of Michigan's oldest supervisors, failed to file for reelection in the First Ward.

Joseph Wilkins was the only person filing for the office of constable. He is running in the Third Ward.

Merchants Announce Celebration

The East Jordan Businessmen's Association Tuesday night approved plans of its board of directors to sponsor a 2-day celebration Saturday and Sunday, Memorial Day weekend.

Since Memorial Day falls on Monday this year, it was planned to stage a celebration during the two days before since a large number of people will be visiting northern Michigan that weekend.

Chairman Donald Clark appointed Bill Huckle to head a committee to obtain speed boat races for the celebration. Other plans call for a parade on Saturday.

Chairman Clark will appoint various celebration committees and the programs will be discussed at the association's February meeting.

* * *

THE ASSOCIATION went on record opposing the removal of the local office of the Railway Express Company. A resolution to that effect will be delivered to the Michigan Public Service Commission for use when a hearing is held in Lansing.

Chairman Clark discussed the board of directors work now under way to interest a small boat building firm to locate in East Jordan.

The association approved the printing of posters listing the dates and time of all local organization meetings. The posters will be put up in many public places.

State Bank Increases Its Capital Stock

The State Bank of East Jordan increased its capital stock to $225,000 by declaring a stock dividend at its annual meeting January 18th.

Robert Campbell, executive vice president, said the bank's surplus is $150,000 and that reserves are $70,000.

The capital stock was increased from $150,000 to $225,000 due to the rapid upswing of deposits at the bank, Campbell said.

COMING EVENTS

January 27—St. Ann's Altar Society will hold their regular meeting at the parish hall at 2:30 p.m.

January 28—Red Devils play basketball at Charlevoix, 7 p.m.

January 28—Jordan River IOOF Lodge.

January 29—The Swan City Building Association will hold a game party at the IOOF hall Saturday night.

January 31—The Cherryvale Extension Club meets with Mrs. Vincent Cole, 1:30 p.m. There will be a sewing lesson and members are requested to bring patterns and material.

February 1 — City Council, 7:30 p.m.

February 1—American Legion meeting.

February 2—Jassamine Rebekah lodge.

February 3 — The National Council of Catholic Women will meet at 8 p.m. Sue Nemecek, Dorothy O'Brien, Alice Partee and Mary Pesek are on the entertainment committee.

Productivity the Answer

With little attempts to understand the why of it, some nations look upon our achievement of the world's highest standard of living as a stroke of luck.

It isn't, of course. We have worked hard, risked much, produced much—the growth factor of our economy averages about 3% a year. We have been able to produce more because of constant new technological developments, investments in new factories, management ability and employee skills.

We were once an underdeveloped country ourselves—we give our success-formula to any country that will accept it. And to maintain and strengthen it here at home, we can hope and work toward a long-range "tax program for economic growth" which will diminish present tax rate unfairnesses and at the same time encourage economic growth and development.

LETTER BOX

Dear Marshall:

Many of our friends have written us stating that they had read our previous letters to you and that they wanted to hear more. There are so many different activities and experiences to tell about it is hard to know where to begin.

In December, I went to Quetta, 600 miles north of here with Charles Seckinger, the Agricultural Engineering Advisor to the Government of Pakistan. He just arrived here from Ford Tractor Co. in Birmingham. While in Quetta, we inspected the workshop and completed the plans for the electrical layout. We also had some policy discussions with the Pakistani Director of Agriculture and development commissioner. There is no workshop man like myself for Quetta as yet. In fact, I am the only one in Pakistan so am working anywhere there is work to be done. Men are being recruited in the States for these other posts but none have arrived. Last week, I delivered the first workshop equipment in Pakistan to Quetta. The equipment included a 6x6 truck, a portable grease servicing outfit, a tilting bed implement trailer, and a small utility trailer. We used the truck to haul the other items and left here early Tuesday January 4. A Pakistani went with me to help drive and interpret. We stayed in Khairpur Thursday night and finished the 600 miles trip on Wednesday. The last 100 miles was thru the mountains and up 5,000 feet. This part of the trip will be long remembered. The truck has no license and as a result we were stopped several times. When the police saw an American and heard U. S. A. we then proceeded on our way. On only one occasion did we have to use strong persuasion. Of course, if I had gotten clearance papers from the Chief Commissioner we would not have had any difficulty. But I am not one for formalities. While in Quetta, I saw snow on the mountain tops and that is the closest to Michigan winter that I have seen. I am quite contented to leave the snow on the mountains tops and in East Jordan.

On December 31, a Dutch freighter brought a fishing trawler to Karachi coming from Florida. FOA paid $108,000 for the boat and gave it to Pakistan to be used in developing the fishing industry here in the Arabian Sea. On the morning of December 31, I went with several Pakistanis and Americans to inspect the boat before unloading. The freighter had explosives below deck so she could not dock here. We went in a Port Trust motor boat out to the Dutch freighter. The 68 ton fishing trawler was on the starboard side of the fore deck and was unloading with the ships own gear. We were served coffee on board the freighter and I have not tasted any as good since I left East Jordan.

On Christmas we entertained two families who were from Kentucky and South Carolina. Even though we were a long ways from home, we had an enjoyable Christmas Season. Where there are children Christmas is easy to celebrate.

The servant problem here is a

(Continued on Page 7)

NORTHERN LIGHTS

(Compiled by the News-Herald Staff)

We picked up an original recording of a skit by Mr. Gallagher and Mr. Shean at the Trading Post for 25c. It was made in 1920 and is in perfect condition. If you kids have not heard of these hot shots don't ask your dad. Ask your grandad about them.

* * *

We have another one with Rudy Vallee singing St. Louis Blues through a megaphone. Them were the days.

* * *

For more than a month we had been trying to recall what negro band leader was riding the crest back in 1934-35. Back then, during the depression, the young men of the vicinity used to sit up nights listening to Chicago and New York orchestras on the radio.

* * *

THE NAME OF this particular band leader was on the tip of our tongue for a long time, but it kept escaping us. Finally we phoned up Bill Taylor, a man of music himself, and he said he would run up stairs and check through his old "Down Beat" magazines and call back.

In the meantime we couldn't wait. So we called up Loton Wilson, another man of note over at Boyne, and he came up with the name, Cab Calloway.

So that was it. Cab Calloway. How come we hadn't remembered?

And then as the weeks went by it hit us. It wasn't Cab Calloway at all. It was the one and only Earl "Father" Hines who was driving a lot of music mad youngsters crazy back during the depression.

* * *

Northern Michigan has turned out a lot of musicians in the last 30 years. We have a pretty good memory of most of the area's dance history. It dates back to the time our oldest brother was fired from the orchestra pit at the Hollywood theater in Petoskey because they were installing the brand new "talkies."

* * *

ANOTHER BROTHER used to pump the player piano in the orchestra pit of the old Princess Theater at Boyne City. The silent film companies used to mail along player piano rolls with each movie. He was given printed instructions on what to play when Tom Mix was chasing someone on a horse or when there was a love scene.

* * *

Orchestras playing in theaters around the north country were pretty sick when "the house converted to sound." (We saw our first talking picture while yet a youngster. It was in Charlevoix during a 4th of July celebration. The picture was the "Wedding of the Painted Doll." We stayed in the theater all afternoon and were pretty mad when we came out and found the celebration nearly over. Talking pictures weren't what they were cracked up to be.)

After the talkies came, a good number of northern musicians went south to earn a living. And it was rough for them. Theater orchestras down there were also out of jobs and a good many musicians were standing in line for work.

* * *

It always seemed to us back in those days that East Jordan, Boyne City and Charlevoix were good "dance" towns.

But it seemed that Petoskey and Harbor Springs were always duds. Musicians all over used to complain that you couldn't draw a paying crowd at a Petoskey dance. Others lost their shirts trying to sponsor dances at Harbor Springs. Hotel dances wouldn't pay the light bill for the night.

* * *

AS TIME PASSED and the depression began to fade and the big factories in Detroit started production again, many of the young folks left the north. Dances became fewer and when the war came along and then outdoor movies and television the old time depression day public dance faded almost entirely.

Gradually the two and sometimes three nights a week dropped to one night, Saturday. And then finally only every once in a while.

Public dances are held around the north country today, but not as often and with no where near the overflowing crowd of young men and women as in days of yore.

Gifts: Walt Disney's Donald Duck and Chi'n' Dale from Bruce Brintnall; Two pocketbooks from the Elsworth family and four pocketbook westerns from Mrs. Frank Woodcock.

Please note change in hours.

Creamery Men Attend State Meet

Representatives of management, directors and employees for the Jordan Valley Cooperative Creamery attended the annual Michigan group meeting of the Midwest Producers Creameries Inc., January 22, in East Lansing.

Frank Bur, president of the board of directors for Jordan Valley Creamery, was appointed representative to the resolutions committee for Midwest's annual meeting at South Bend, February 24-25. Alston Penfold, assistant manager, was nominated as a director for 1955. Francis Nemecek, vice-president of the board and two plant employees, Carl McNett and William Van Loo also attended the meeting.

Midwest Creameries of which Jordan Valley Creamery is a member marketed for its member plants $11,251,831.13 worth of dairy products for 1953-1954. These were dry milk powder, butter, sweet cream, plain condensed milk, buttermilk powder, and cheese. There was 5,573,745 pounds of butter having a value of $3,089,103.61; 7,304,415 lbs. of non-fat roller powder having a value of $970,368.83.

Two delegates were selected to attend the annual meeting of the American Dairy Association of Michigan. Delegates were also appointed to represent the Michigan group on the Dairy Commodity Committee of the Michigan Farm Bureau and the Michigan Agricultural Conference.

Clark Brody said he was instrumental in getting Michigan and Indiana Creameries to join as members of the Midwest group; and stressed importance of Midwest Creameries as sales organization for producer products manufactured by member creameries. He stated that there seemed to be a definite trend away from township and local government and felt that considerable thought should be given as to the possible outcome of such a trend, not only in regard to present, but to the effect it would have on future generations.

Arthur Howland, cooperative specialist from the ASC extension department, stated the life of a corporation is like the life of a person. It struggles to survive during infancy and adolescense and then during the early adult years booms and makes good. However, later on it has a tendency to rest on its oars and head downward unless new young blood is added. The development of executive material is continuous and difficult, inasmuch as there is a shortage of available personel.

Don Moore of American Dairy Association commented about the forthcoming Michigan Dairy Food Festival starting February 10-19.

Skiver and Lyle Littlefield of the Michigan Department of Agriculture, Bureau of Dairying, announced they were responsible for the plant, producer inspections, and grading of products to be sold to the government during the forthcoming year in Michigan. It is to be noted that one of the many requirements is if 10% of the producer cans in which dairy products are shipped to a manufacturing plant are rejected, the plant is disqualified insofar as the sales of products to the government are concerned.

Scout Leaders To Meet Here

East Jordan scout leaders will be hosts tonight (Thursday) to approximately 60 northern district scout leaders at a dinner meeting at the Methodist Church when the monthly Round Table meeting is held here.

Cub Scout mothers will prepare and serve the dinner at 7 o'clock. Anyone interested in scouting is invited to attend.

Cub Scout News

At a meeting of the cub scout den mothers held at the home of cubmaster Clifford Gibbard, it was planned to place on exhibit a few of the things the boys have made during their first year. They will be displayed in the News-Herald window during Boy Scout Week, February 6-12.

Sunday, February 6, the cub scouts will be invited to attend a church service as a group. The service will be at the regular church time at 10:00 o'clock at the Methodist Church. Rev. Moore will conduct a service in keeping with the cub's February theme, "Let Freedom Ring."

The first "Blue and Gold Banquet" will be held February 24th at the pack meeting in the school cafeteria. Each den will work on some skit, display decorations, invitations, etc. pertaining to the February theme.

Mr. and Mrs. Charles Nofsinger of Ann Arbor came Saturday to visit their mother, Mrs. Minnie Gould, who is a patient in the Charlevoix Hospital.

* * *

Mr. and Mrs. Leo Sommerville and Mr. and Mrs. Charles Dennis Sr. spent the weekend with Mr. and Mrs. Leon Peterson and children at Bronson.

* * *

Mike Brennan was in Battle Creek a few days. His sister-in-law Mrs. James Brennan and two children who have been visiting relatives here for several days returned to their home with him.

Consider Type of Land for Drainage

The first thing to consider in drainage is the type of land to be drained. If the land is not good potential first class land then the expense of drainage is questionable.

The heavy clays and some of the sandy loams over clay are generally the best agricultural land after drainage has been accomplished. Deep mucks and peats also require drainage and these organic soils can be drained economically if the organic material is not less than three to 3½ feet in depth.

There are two kinds of drainage that can be accomplished—namely, surface and sub-surface drainage. Surface drainage removes the surface water only and is a good practice, however, it does not lower the underground water table and therefore is only compromise drainage. Surface drainage does help dry up low spots in the spring and should be used as supplementary practice to sub-surface drainage.

* * *

SUB-SURFACE or tile drainage is needed in order to lower the ground water level so that land owners can get on the land to plant their spring crops. Too much water is worse than not enough water because the land will not warm up or dry up in time for the planting of crops. Soil heat is necessary for germination of seed and soil that is saturated with water will not warm up fast enough to get good germination.

The use of leveling instruments and the layout of the drainage systems are very important factors to consider where drainage is required. All guess work is eliminated when leveling instruments are used for drainage layouts. The employment of drainage engineers is also important in the layout of drainage systems because the engineer will determine the size of outlets and the most economical drainage pattern on the farm or watershed.

A good outlet is necessary for the drainage system because the excess water must be carried away in a good outlet for the successful operation of any drainage system.

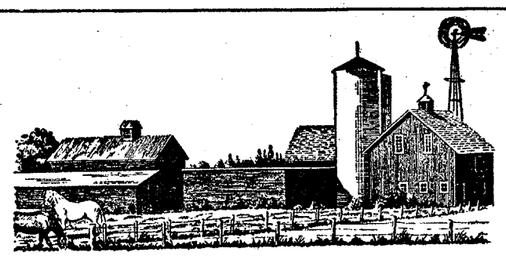

Therefore, the establishment of a good outlet ditch is of first importance. The outlet might be a county drain or a stream which is large enough to take care of the added flow. If the outlet ditch is a private ditch then easements for the right to increase flowage must be obtained from down stream land owners. The outlet ditch must be designed deep enough to take care of all tile outlets so that they will not be submerged for any great length of time and it must be large enough to remove storm flows without overflowing its banks for any long period of time.

If under drainage is considered the use of high quality tile is important. It is money well spent to pay as much as two cents a foot more for quality tile Poor quality tile are apt to disintegrate, or be affected by frost action or soil acids if poor concrete tile are used.

* * *

ANOTHER IMPORTANT factor to consider is the employment of a good trenching contractor who has up-to-date equipment. Today the land owner does not hire an inspector to see that the tile are laid properly and therefore depends on the con-

SOIL CONSERVATION
APPLIES TO YOUR FARM TOO!

Sound soil conservation practices are not for someone else necessarily. They can be applied to almost any farm—very likely with profit to yours.

Find out more about proper soil practices at the annual Charlevoix Soil Conservation district meeting at the East Jordan High School, Monday, January 31st.

Boyne City Cooperative Company

SOIL CONSERVATION MEANS BIGGER AND BETTER HARVESTS!

Conserving soil for present and future harvests is just plain good sense.

All farmers are invited to attend the annual Charlevoix Soil Conservation District meeting at East Jordan High School, Monday, January 31st.

The latest discoveries in soil conservation can benefit you.

**East Jordan
Cooperative Company**

**Just As You Must Plow
Strength Back Into The Soil,**

**We Plow Back Our Earnings
To Strengthen Our Bank!**

We follow this wise plan for banking just as you do for proper soil conservation. The largest portion of our earnings each year are placed right back into use as an investment in offering ever-improving service to you.

Every farmer knows the value of investing some of his earning back into the soil. More abundant, higher quality crops are his reward. Making the best use of his land has helped bring this country the economic security it enjoys.

A record of growth such as the State Bank has enjoyed would be impossible had we not followed this program of constant investment to make our bank a more desirable place for you to do business. You have made increasing use of these improvements in the past . . . you can depend on them in the future. We will continue to "plow back" our earnings to make our usefulness to you even greater.

AN APPRECIATION

I wish to thank all those who remembered me with cards, letters and flowers, rose bowl and prayers, and other acts of kindness while I was in the Charlevoix hospital.

Sincerely,
Dorothy Bennett

CARD OF THANKS

I wish to express my sincere thanks to friends and neighbors who sent me cards, plants and flowers during my stay in Little Traverse Hospital.

Mary Green

CARD OF THANKS

I wish to thank my friends and neighbors for their prayers, also for the flowers, cards and gifts sent me while I was in Little Traverse hospital. I also wish to thank the Harmony Extension Club for the hot dishes sent in since my return home.

Mrs. Claud Gilkerson

TO THE VOTERS OF ECHO TOWNSHIP:

There being no contest for any township office, no primary election will be held.

Walter Petrie,
TOWNSHIP CLERK

FOR SALE TO HIGHEST BIDDER

The Finance Committee of the Board of Supervisors of Charlevoix County, Michigan, will receive sealed bids in writing until THURSDAY, MARCH 3, 1955, at 10 A. M. at which time said bids will be opened and read at the Court Room in the Court House in the CITY of CHARLEVOIX, MICHIGAN, for the purchase of—

ELEVEN (11) BUILDINGS, Numbered 1 to 11, inclusive (but not including the "Grand Stand," "Ticket Office" or "Judges Stand"), located on the former FAIRGROUNDS PROPERTY on South Maple St. (M-32), in the City of East Jordan, Michigan.

Interested persons may contact MIKE F. BARNETT, 321 So. Maple St., East Jordan, Michigan, for keys, number, dimensions, etc. of said buildings. At least 10% of the bid shall accompany each bid in cash or certified check to "County of Charlevoix," and bids must be specific as to which building or buildings by number is being bid on. No building may be removed from said premises until fully paid for, and full payment shall be made on or before March 10, 1955.

ALL BIDDERS ARE REQUESTED TO BE PRESENT ON MARCH 3, 1955, at 10 A. M. at said Court Room in case they may wish TO RAISE THE HIGHEST BID THEN RECEIVED, AS SALE WILL BE TO THE HIGHEST BIDDER FOR CASH.

The right to accept or reject any and all bids is expressly reserved to the undersigned.

Address all bids to FENTON R. BULOW, COUNTY CLERK, at CHARLEVOIX, MICHIGAN.

Finance Committee of said
Board of Supervisors,
By Talmon Brudy,
William M. Sanderson.

STATE OF MICHIGAN

The Probate Court for the County of Charlevoix.

In the Matter of the Estate of Amos J. Hite, deceased.

At a session of said Court, held on January 18, 1955.

Present, Honorable Floyd A. Supp, Judge of Probate.

Notice is Hereby Given That the petition of Hannah Almina Hite the Administratrix W. W. A. of said estate, praying that her final acount be allowed and the residue of said estate assigned to the persons entitled thereto, and that the heirs at law of said deceased be determined; and that a final hearing on claims, at which all creditors are required to prove their claims, will be heard at the Probate Court on February 15, 1955, at 2:00 p.m.;

It is Ordered, that notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing in the East Jordan News-Herald, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by registered mail, return receipt demanded, at least fourteen (14) days prior to such hearing, or by personal service at least five (5) days prior to such hearing.

Boyne Man On State Advisory Bd.

Arthur E. Steinbrecher of Boyne City has been named on the Industrial Development Advisory Committee of the Michigan Economic Development Commission.

The Industrial Development Advisory Committee will assist the State Commission in studying problems relating to industrial development and the promotion of increased industrial activity thru-out Michigan.

It is one of several advisory groups, working with the State Economic Development Commission on specific economic or area problems which the Commission seeks to correct. Cooperation with the Commission in its economic development program will not be a new experience for Steinbrecher.

He has served on its advisory committee on electric resources and currently serves on its Northern Lower Peninsula advisory board.

Steinbrecher is general manager of Northern Michigan Electric Cooperative, whose headquarters are located in Boyne City. The power organization which Steinbrecher directs is the power supplier for three rural electric systems serving 24,000 rural patrons in the upper one-third of the Lower Peninsula. Largest of the company's production facilities is the new steam plant at Advance, near Boyne City.

Announce Boyne Falls 4-H Projects

There will be thirty one boys and girls taking 4-H club work this winter at Boyne Falls under the direction of Mrs. Alberta Pettifor.

Club members chose projects in clothing, handicraft and conservation. All are members of the fifth and sixth grade room and Mrs. Pettifor is their teacher.

K. C. Festerling, district 4-H club agent, assisted the group with their organization.

The following officers were elected: president—Judy Hrushka, vice-president—Jo Ann Gibes, secretary—Sun Ann Reinhardt, and treasurer—Earl Gillespie.

Girls will be making towels, head scarfs and skirts; boys will make useful household articles of wood and all will study and execute the soil conservation project.

Mrs. Pettifor has led clubs previously in Antrim and Otsego counties.

Drainage . . .

(Continued from Page 4)

tractor to do a good job and follow the recommendations and specifications of the drainage engineer. A contractor who has a reputation for honesty and quality work should be employed.

The spacing between individual tile is important and the spacing should be 1-8 inch in mineral soils and about ¾ inch in organic soils.

Backfilling is a job that is generally accomplished by the land owner. The heavy clay that comes out of the bottom of the trench should never be placed back on the tile because this material might seal the joints.

* * *

IN SANDY LOAMS, straw, hay or gravel should be used directly over the tile and then top soil should be spaded from the side of the trench and placed over the hay, straw or gravel. The least that should be done in a good backfill is to place the topsoil over the tile to a depth of about 18 inches.

Honor Student

Ronald Wilson son of Mr. and Mrs. Clyde Wilson, East Jordan was on the honor roll for the fall term at the Sault Branch of Michigan Tech. A freshman pre-law student, Wilson holds the Michigan High School scholarship. He is on the staff of the Sault Tech Compass, a student weekly newspaper.

SHERMANS FIRESTONE STORE

Jordan Jingles

By PAT and MARIAN

Hello again, reader . . . here is our first bit of news . . . we will be writing our little chit-chat only every other week from now on . . . seems to work out better on our part . . .

Now that we've got a few (?) inches of snow covering the ground you begin hearing a few tales of wonderful times had on some toboggan parties at the ski tow . . . noticed M. A. F. with someone new at one of these . . has anyone tried a little skiing—or are they afraid of breaking a few bones????

Only six more games left on the schedule for the Red Devils and the biggest one coming up this week . . . guess we can be sure of having all their fans plus pep at this all-important game . . . let Charlevoix know we're there . . . and give them a run for their money.

Nice turnout at the dance Friday night . . . was nice to see all those college kids home for a visit again . . . come back again for tomorrow night's game!

Did you say I've got a lot to learn??? Well, marks have come and gone . . . some black some blue . . . but all there to stay. Haven't heard anyone in too bad shape, have you? Anyway, people keep telling us this . . . "If you can't make light of your troubles, keep them in the dark."

Overheard a couple of girls in school talking about Bob D. . . . one came up with this idea . . . what do you think . . . "He thinks he's a gentleman just because he prefers blondes!"

More complaining done on the part of those Senior English students on the deadline of that essay . . . Like to listen in on some of those short plays that the Dramatics class is working on . . .

Keep telling ourselves . . . "our days are like identical suitcases: all the same size, but some people can pack more into them than others . . ."

Tomorrow we'll see the last part of that noon hour movie, "Bandit of Sherwood Forest" . . . noticed a few girls packing up their lunches and getting a good seat 15 minutes ahead of time . . . couldn't figure out why the big attraction (???)

Had the radio on the other day and thought . . . just listen to the music of romance . . mambo jambo umphhh!

Isn't this the truth . . . here's a simple way to identify the owner of a car. He's the one who, after you pull the door shut, always opens it again and slams it harder . . .

The PTC sure is busy this year . . . what with putting all the dances on for the kids and that play, which by the way, gave a lot of competition to the Junior and Senior plays! Say, Juniors, we're about ready to see yours . . .

'Bout it for this week . . . see you in February . . .

Pat and Marian

Mr. and Mrs. Ed Weldy were Saturday guests of Mr. and Mrs. Lige O'Brien at Charlevoix.

SOIL CONSERVATION--A VITAL KEY TO THE PROSPERITY OF AMERICA

We strongly urge all farmers in this area to take an active part in your local soil conservation program.

Congratulations to the

Charlevoix Soil Conservation District

for the fine job they are doing in this area

Top-O'-Michigan Rural Electric Company

Boyne City

Letter Box . . .

(Continuer from Page 2)

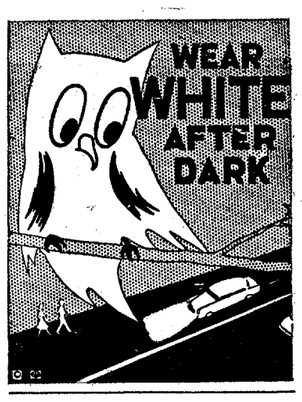

very interesting one. It is always a lively subject of conversation. We never know just exactly what the help situation is going to be. Our first two boys decided to move on so Lillian tried to do everything alone. She could not keep up with all the work and teaching the children too. We have a hammal now who does the cleaning etc. Lillian does the cooking even though the kitchens are nowhere like American standards and the kerosene stove is not at all predictable. The shopping for food is quite a problem as everything is in an open bazar and subject to many kinds of contamination.

Our freight shipment of household goods is coming this week so when we get that unpacked we can get settled. Our car came December 8 and we sure enjoy comfortable transportation.

You probably read in the paper where the U. S. A. and Government of Pakistan signed a new aid agreement for $110,000,000.

The ceremony took place here Tuesday, January 11. This is a substantial increase over last years amount and the increase is mostly in consumer goods to be purchased on the American market and given to the Pakistan government. The goods will be sold to commercial distributors for rupees and then these rupees will be used to match American dollars in the various development projects. At present there are 35 projects or schemes which include livestock, soils, irrigation workshops, plant disease fertilizer factory, cotton ginning, fisheries, cottage industries, sanitation, village leader training, corn breeding, industrial development education, transportation, land reclamation and others. American personnel are here in these various programs and work with corresponding Pakistani personnel in carrying out these schemes

The need for this type of aid is very apparent in this part of the world. With 800,000,000

people living in underdeveloped countries and subject to many types of aggression, it is necessary that we assume our responsibility of world leadership. 2-3 of the world population are either underfed, undernourished, or underclothed. The few dollars spent in foreign aid may not be sufficient to stimulate new life in these countries, but coupled with technical aid more lasting results can be obtained.

Other world agencies are also dation has spent millions of dollhere doing a big job. Ford founlars; some on training village level leaders; Food and Agriculture Organization of the United Nations has supplied men to work on the various agricultural schemes. The Colombo Plan consisting of the Commonwealth Nations has supplied agricultural technicians and farm machinery to Pakistan.

The people of Pakistan are doing very well in accepting all this aid and still maintaining their pride, independence and culture.

We are proud of being able to be a part of a world-wide movement aimed at helping others help themselves, thru sharing our skills, God-given resources and technology. The American families here are a dedicated lot and believe sincerely in the missionary spirit and the American philosophy of extending the right hand of fellowship to anyone who needs it and working for world peace thru personal risk, sacrifice and inconvenience.

I had better stop rambling or there won't be room to publish this letter.

Yours Sincerely,

Hold Milk Meeting At Traverse

A milk marketing hearing was held at the Park Place Hotel, Traverse City, January 18-20, on a proposed milk marketing agreement and order for the upstate Michigan Marketing area.

The purpose of the hearing was to give interested parties an opportunity to introduce additional evidence on any or all of the original proposals.

The Jordan Valley Cooperative Creamery was represented by the following directors: Francis Nemecek, Elmer Murray and Burr Blanchard; Percy Penfold, manager, and Alston Penfold, assistant manager. Harold Thomas. Harold Goebels, Henry Harris are the producers that attended. Two plant employees, Carl McNett and William Van Loo were also present.

Inasmuch as the Jordan Valley Cooperative Creamery is the largest single producer investment in the entire upstate marketing area, the important role this cooperative has played in marketing dairy products was introduced into the record. Additional evidence was also submitted proposing certain changes in provisions that would affect our present producers.

Sparkles From The Eastern Star

Mrs. Jane Jackson was hostess at a potluck dinner held at her home by the Past Matrons Club of Mark Chapter 275, OES.

Worthy Patron William Sanderson and Mrs. Sanderson were guests of the Club. Following an interesting business session, the officers for 1955 were elected: President, Violet Bustard; vice president, Alice Sherman; secretary-treasurer, Ethel Crowell. The next meeting will be held at th home of the president, February 14th.

The Schroeders

P. S. I went fishing again and we caught 29 nice big king mackerel. My hands were blistered and my back lame when I got home.

G. I. NEWS

We have a new address and a new rating for Max Sommerville. He is now: Cpl. Max Sommerville, US 55 439 874; 308 J Avenue, Lawton, Oklahoma

We've also received a notice to discontinue Joe Hammond's paper. Transferred or discharged?

* * *

A release from the public information office of Fort Leonard Wood tells us that Pvt. Arthur G. Prevo, son of Mrs. Alena Prevo, Route 2, East Jordan is nearing completion of basic infantry training at Fort Leonard Wood with a unit of the 6th Armored Division.

After induction into the Army at his home station, Arthur was processed through the 5045th ASU Reception Station at Fort Leonard Wood, where he received his initial Army clothing, and took the basic qualification and aptitude tests to determine his assignment in the Army after completion of basic training.

Upon completion of the eight week infantry training cycle here with the famed "Super Sixth," he will receive a leave before beginning eight weeks of advance basic training, either at Fort Leonard Wood or another training installation.

* * *

Bob Anderson was just in the office. He was happy to be home after four years in the navy. He was discharged January 12th and plans on staying in East Jordan for a while.

* * *

Jim Milstein left Tuesday morning for induction into the service at Detroit. He will begin his training at Fort Leonard Wood, Missouri.

The RLDS Ladies Aid will meet at the Church Thursday evening at 6:30 p.m. for a pot luck supper.

Friday, February 4th, first Friday of the Month. Holy Communion will be distributed at 7:30 a.m. Holy Mass in the evening at 7:30. Blessings of throats after Mass.

* * *

UNITED MISSIONARY CHURCH
C. W. Thompson, Pastor

A Bethel College Rally is planned for Sunday evening January 30 at 7:30 p.m. A gospel team from Bethel College will have charge of the music for the evening service and Professor Albert Beutler will be the speaker. Everyone is cordially invited to attend.

* * *

METHODIST CHURCH
Rev. Robert H. Moore, Pastor

The combined young adult and adult fellowship voted at its regular study meeting Sunday evening to have an afternoon tobogan party February 20th which will include the entire family. They will return to the parish hall for refreshments.

Dr. Donn Dotten of the Central Methodist Church at Traverse City will give an hour's picture lecture on his recent trip to Germany on Thursday, February 3rd at the East Jordan Methodist Church at 8 p.m.

Refreshments will be served following the show in the parish hall.

Mr. and Mrs. Edgar Bowerman had a family get together Sunday with their parents Mr. and Mrs. Frank Bowerman to celebrate three birthdays of the group. Those having birthdays were Edgar Bowerman and daughter Sandra and Frank Bowerman.

The officers installed were as follows: N. G., Gaius Hammond; V. G., R. Rusnell; Rec. Secretary, W. W. Conway; Fin. Secretary, Cecil Blair; Treasurer, Elmer Faust; R. S. N. G., F. Williams; L. S. N. G., George Staley; Warden, Dan Bennett; Con., Gilbert Sturgill; Inside Guard C. Hayden; Outside Guard, Pat Foote; Chaplain, Bert Scott and P. G., Ed Weldy.

LETTER BOX

To The Editor:

There have been some complaints resulting from the segregation of toboggans and jumpers from the skiers at the local hill. We are using this means to explain and clarify the rules.

The present ski tow was started and maintained by skiers for skiers. They bought the rope, installed motor, reducer, poles, pulleys, tow house, lights, etc. Once the initial installation was made, operating and replacement costs required additional money. This came from Community Chest, City, Merchants' Association and the sale of memberships to the club. To this date there has been no charge or restriction made on the use of the tow.

The newly formed Jordan Valley Winter Sports Association was organized to promote winter sports in this area. Although skiing was and is the primary interest of the people who attended the meeting, "Ski Club" was rejected as part of the name in order to allow the club to back more varied activities.

At the second meeting this season, to which all interested parties were invited, it was decided to separate all other sliding from the skiing, and to allot the present areas for each activity. Everyone present was allowed a view and a vote on these matters. The rules were made in the interests of safety.

The club has resolved to promote skiing and allow any other sliding which is compatible. Future aims provide for a separate area and tow for sliding.

We again request all interested in any form of winter activity to aid and support our efforts by joining us. Future policy will be decided by the votes of the members.

T. D. Malpass, President
Jordan Valley Winter
Sports Association.

SCHOOL HI-LITES

KINDERGARTEN
Isabel Sidebotham

We enjoy our gym period. We have lots of fun. We appreciate the basket that is just the right height for us. We like the picture Spotty the Fawn. Perhaps we can see a fawn sometime and we'll remember the way Spotty looked for his mother.

There were three in our morning group who weren't absent the first semester. They were Patricia Breakey, Jimmy Dunson and Keith Peters. Those who were here every day the last six weeks were Ruth Laisure, Patricia Breakey, Jimmy Dunson, Donald Gee and Keith Peters.

* * *

SECOND GRADE
Agnes Johnston

A second Weekly Reader test was given to us last week. Most of us are showing improvement in our reading.

We are learning how to make good oral sentences. We find we must think of a good beginning work in our sentences.

We are learning a winter poem "Snowflakes," as a choral reading. We like acting out the part of the snowflakes.

We are learning the months of the year.

New magazines for us to read were brought to school by Cynthia Dubas and Billy Boswell. We always enjoy reading the stories in the Humpty Dumpty and Jack and Jill magazines. Toni Cole brought to school the book "The King's Stilts." This is a very humorous story about a king riding around on stilts.

Most of us joined the March of Dimes.

Our motto for January is "Be Safety Smart in 1955."

John Eaton has a new baby brother.

We were glad to see Bobby Malpass back in school after a long illness.

* * *

THIRD AND FOURTH GRADE
Grace Galmore

Our third grade were very interested in the movie about Eskimos which was shown at the Temple Theater. Several children reported on what the movie showed. We are trying to get more pictures drawn for our own movie. Bill Gardner brought a box for us to use and Clayton Gibbard brought a broom stick. We are learning a lot about the Eskimos.

Linda Sommerville's birthday was the 16th. On Monday she treated the room to candy suckers.

Last week we had two movies. The one called "The Cattle Industry and the "Corn Belt was especially fine for us. We had previously had a booklet from Swift's called "March to Market" which gave us much information on the raising of cattle in the West and the stockyards. The second movie called "Map of an Empire" showed the great change that has taken place in the South especially the Gulf states with the development of the oil and gas industry.

* * *

FOURTH GRADE
Mrs. Nemecek

We are keeping a weather chart in our room.

Charles Gardner brought us a thermometer and we placed it outside our window. Every morning we take the temperature reading and put the number of degrees on our chart. We also show the direction of the wind the conditions of the sky and precipitation. It is interesting to see how our temperature and weather conditions vary from day to day.

Nancy Bennett had a birthday last Wednesday. She brought us a lovely treat.

We are working on our maps of United States. We have named all the states. We are using a different color to show where the English, Dutch, French and Spanish people made colonies in our country.

We visited the library Monday morning. Each boy and girl selected a book that he or she would like to read. We will try and have them read before our next library period.

* * *

SIXTH GRADE
Alma Larsen

The grade school will have an assembly program Friday, January 28 at 2:45 p.m.

This program will be put on by Mrs. Liskum's second grade, Mrs. Bowerman's third grade, and Mrs. Larsen's sixth grade. Everyone is invited to attend.

This year the grades are divided into group of three grades at a time to perform. There will be an assembly once every month Dates will be published later. You are invited to attend all of these programs.

We have been studying about different units of measure in Arithmetic as well as time zones.

FFA News

The FFA boys have started a pig chain. The chapter gives the boys a pig on a two to one basis. The boy who gets the pig gives the chapter two when the sow has a litter.

A point system has been adopted by the chapter, giving an award to the boy who has the most points.

Coach and Mrs. Gayle Saxton are happy over the arrival of a 9 lb. 2 oz. baby boy born at the Charlevoix Hospital Tuesday morning January 25th.

* * *

Joseph Lilak who has been a surgical patient at the Charlevoix hospital was transferred to the Grandvue Hospital Monday for further treatment.

* * *

Mrs. Dan Bennett and Mrs. Harry Wallace spent last week visiting friends in Grand Rapids and Sparta. Mrs. Bennett visited friends in Sparta and Mrs. Wallace attended the Mel Trotter Mission Conference in Grand Rapids.

In social studies we are learning about people in the British Isles. The climate in Great Britain is very damp, foggy and rainy with cool summers and mild winters.

We also learned that winds and ocean currents make Great Britains climate what it is.

In English we have just finished making book reports, TV reports and movie reports.

Our bulletin board is decorated with a skating scene.

We are doing a Health and Safety Operetta for the assembly program Friday 2:45 p.m. We hope our parents and friends will come to see it.

We hope Bob Omland will soon feel well enough to come back to school. We sent him a get well card.

COFFEE 27¢ A POUND

Coffee advertised for 27c a pound today would send you flying to the store. But back in 1940 that was not an unusual price for it.

Today, even your electric bill is higher, because you are using a lot more of it. Actually, the average price you pay per kilowatt-hour has gone down, but you have added more electrical appliances to make your job easier, your life more pleasant.

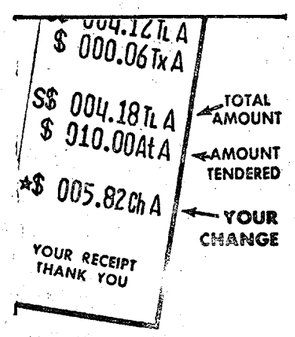

How many work-saving appliances have you added? A freezer or range perhaps. Possibly an automatic washer and dryer. Maybe a water heater.

In the future you'll be using more electricity in even more wonderful ways. And your electric company is working and planning now for plenty of low-price power for tomorrow.
